Happy Valentines Day!

It's the time of Year when we celebrate love most often with chocolates, flowers, or diamonds. We'd like to celebrate with you by sharing a story that will pull on your heartstrings.

Just released – the first in a series

One Man, One Horse - A Mustang Story

Jay takes an emotionally frightened mustang, and gentles this wild horse. "But that's not the entire story"! This is a truly inspiring story about a frightened little mustang rounded up by helicopter, separated from her herd mates, penned up in a metal trailer and shipped to a horse sale in Canada. The horses that were not lucky enough to find an owner that day were destined for an uncertain future, including slaughter.

Being a novice rider and the owner of this mustang, Mathew Ford wanted to learn each and every step of the way. He also wanted to be the one taking the first ride. Now that's a challenge!
